

## A Dog is A Dog

They say it's a gift  
I say it's a curse  
I know how it ends  
I know how it works

A dog is a dog  
They say, a best friend  
And you are a dog  
You said so yourself

What did I do  
What did I do  
What did I do  
But try to love you?

We both liked to dig  
It was a good match  
But you are a dog  
And I am a cat

Your good-natured play  
Went bad at the pound  
Barking at cars  
Chasing pussy around

What did I do  
What did I do  
What did I do  
But try to love you?

Cruel words spoken  
Hearts get broken  
Don't look at me  
Like one of your fleas

A dog is a dog  
I still miss your scent  
But you can't come home  
'Cause I've locked the fence

Don't lie down with dogs  
That's what they said  
Don't cry you got bit  
What'd you expect?

What did I do  
What did I do  
What did I do  
But try to love you?

What did I say  
What rule did I break  
What did I say  
That scared you away?

Nobody owns no one  
You bring your own leash  
A dog is a dog  
If that's what you want to be
