

## **FOOLPROOF**

Wrong turn  
By design  
Ice burns  
I'm fortified

All is well along the borderline  
Behind the signs that say, "Stay out"

Eat away the shell  
So you can tell me what you'll find  
The heart is tightly wound  
So try and pull me out  
I'm on a cloud

### **I'm foolproof now**

Inside your words  
Diamonds you don't mean  
I shed my skin  
I enter in  
Untouchable vaccine

All is well along the borderline  
Behind the signs that say, "Stay out"

Cheat away the spell  
For I have no soul left to burn  
No sweat upon my brow  
It doesn't matter now  
If I am bleeding out

### **I'm foolproof now**
