

## Overboard

Who declared this ship a wreck?  
After my feet had left the deck

I see no welcoming blue sky  
I hear no birds sing lullabies  
The only song I hear is mine  
Crying

Someone's Overboard  
Someone's Overboard  
Someone's Overboard

I know we talked of this before  
Now it's a long way to the shore

I hate to be the one who fakes  
But might I point out  
You switched the bait  
So I held on, then pushed the brakes  
And sent you flying

Since you left me  
I've been overjoyed  
For soon I know you'll be alone  
And now that caution has swept over the edge  
Who's letting go?

Someone's Overboard  
Someone's Overboard  
Someone's Overboard

Now every ray of sun's a knife  
When love turned into spite  
And I'm not sure it's going away

Maybe blue skies don't mean shit  
Since you started this  
And I'm not sure we'll last a day

Maybe your conscience doesn't mind  
To only meet from time to time  
But wouldn't it be so nice  
To dive?
